2010 Umpiring Conference - Closing Date: 19 March

Hockey WA, in conjunction with the Officiating Reference Panel, would like to invite you to the 2010 Umpire Conference.

The one day conference will provide an ideal opportunity for regional and metropolitan officials and club members to discuss current officiating matters while hearing from some of the most knowledgeable people in the hockey community. The conference will be very interactive with several presentations, workshops and umpire coaching opportunities through a scheduled practice match.

A major drawcard for the conference is the involvement of current men's Australian hockey coach Richard Charlesworth who will have just returned from the XII Men's World Cup in India. 'Ric' will be on hand to discuss with attendees the importance of officials through grass root to elite level competition.

To enrol for the conference please complete the Registration Form below and return to Hockey WA with your payment.

We hope to see you there
Brad Stacey
